

COLUMNS

Simply Elegant columns are designed with practical use in mind and are widely used in applications to enhance interior and exterior schemes. Columns are available in fibrous plaster and GRG (*glass reinforced gypsum*) for interior use, or GRP (*glass reinforced polyester*) for exterior use.

In addition, they can be supplied as full capitals or machining half columns for flush mounting on flat walls or as column cladding mechanisms. Each of the column designs featured is available with Doric or Ionic capitals.

COLUMNS AND HALF COLUMNS ARE AVAILABLE IN FIBROUS PLASTER OR GRG FOR INTERIOR USE, AND GRP FOR EXTERIOR APPLICATIONS.
